

VANDAL RESISTANT

NECK PLATES

dog tag for everyone & everything!

IDENTIFICATION IS NOW AUTOMATIC & FUN!

Attract all those who would need, or simply like, to print their personal data on the famous "Dog Tags" (identification tags).

The smart user interface has been customised with the most alluring backgrounds while an **anti-vandal touch-screen system** allows customers to fill out their own identification tags and print them on steel plates in a matter of seconds.

The vending machine is suitable for any location; a game arcade or an amusement park, a shopping centre, a disco, a lido or simply a meeting point. It is vandal resistant!

Print your embossed steel tag in seconds and choose to add a practical chain or a useful rubber frame. Come on, young recruit, take your choice! Whether you're a would-be soldier, a cowboy, or a policeman, or would simply like to keep your personal data at hand in any event, you're most welcome.

THE FAMOUS DOG TAGS NOW AVAILABLE IN A NEW **VANDAL RESISTANT** VENDING MACHINE
